

JOHN F. TAVAGLIONE
EXECUTIVE ANNEX

Riverside County

REDISTRICTING PUBLIC HEARING

Tuesday, October 19, 2021

Presented by: Executive Office Technical Committee

AGENDA

- **Today's Proposed Actions**
- **Overview of Federal and State Laws**
- **2011 Baseline Map**
- **2021 Draft Maps – EOTC A-G**

Today's Proposed Actions

1. The Board of Supervisors open the public hearing and hear comments
2. At the conclusion of the public hearing, that the Board of Supervisors discuss the draft maps that have been submitted by the Executive Office Technical Committee (EOTC), draft maps submitted by the public, and all oral and written public testimony
3. The Board of Supervisors provides direction to staff on the recommended draft maps that will be forwarded to the ARC for further consideration

REDISTRICTING LAW (STATE)

- Fair Maps Act (AB 849)
- Revises and standardizes redistricting for cities and counties
- Eliminates discretionary criteria and rules
- Mandatory requirements with “priorities”

ORDER OF PRIORITY

1. Population equality of residents of the county as determined by the census.
2. Compliance with U.S. Constitution, California Constitution and the Federal Voting Rights Act.
3. To the extent practicable, Districts shall be geographically contiguous.
4. To the extent practicable, geographic integrity of any local neighborhood or local community of interest shall be respected in a manner that minimizes its division. Importantly, "communities of interest" do not include the relationships with political parties, incumbents, or political candidates.

ORDER OF PRIORITY (Continued)

5. To the extent practicable, Districts of counties shall respect the geographic integrity of a city or census designated place.
6. District boundaries should be easily identifiable and understandable by residents. Natural and artificial barriers, streets or boundaries of cities or counties shall bound districts.
7. To the extent practicable, and where it does not conflict with the preceding criteria in this subdivision, supervisorial districts shall be drawn to encourage geographical compactness in a manner that nearby areas of population are not bypassed in favor of more distant populations.

REDISTRICTING LAW (Federal)

- Required compliance with both federal and state law
- Overriding criterion remains total population
 - *Reynolds v. Sims*, 377 U.S. 533 (1964) – “One person, one vote” principle that requires “an honest and good faith effort to construct districts...as nearly as equal population as is practicable”
 - *Brown v. Thomson*, 462 U.S. 835 (1983) – “local legislative districts are permitted to deviate somewhat from perfect population equality to accommodate traditional districting objectives, among them, preserving the integrity of political subdivisions, maintaining communities of interest, and creating geographic compactness.”
 - *Evenwel v. Abbott*, 136 S. Ct. 1120 (2016) – The legal principals in both of the above cases were reaffirmed
- Section 2 of the Federal Voting Rights Act (VRA) prohibits redistricting that dilutes minority voting rights

VOTING RIGHTS ACT – SECTION 2

- Prohibits any electoral practice or procedure that minimizes or cancels out the voting strength of racial or language minority groups in the voting population
- *Thornburg v. Gingles*, 478 U.S. 30 (1986) sets the framework to ensure compliance
 1. *Minority group that is **sufficiently large** and **geographically compact** to constitute a majority of the voting-age population in a single member district.*
 - *Barrett v. Strickland*, 556 U.S. 1 (2009): a majority-minority district that has at least 50+1% of minority district's citizen voting age population ("CVAP") should be considered
 2. *Minority group must be politically cohesive*
 3. *Majority group must vote sufficiently as a bloc to enable it to defeat the minority group's preferred candidate*
 4. *If all three factors present, the consideration proceeds to a totality of circumstances known as the "Senate Factors"*

RACIALLY POLARIZED VOTING

- Racially Polarized Voting = minorities vote for their preferred candidate and all majorities always vote for their preferred candidate.
- RPV Analysis = Statistical analysis of historical election results to determine the existence of racially polarized voting.

VOTING RIGHTS ACT – SECTION 2

- Prohibits any electoral practice or procedure that minimizes or cancels out the voting strength of racial or language minority groups in the voting population
- *Thornburg v. Gingles*, 478 U.S. 30 (1986) sets the framework to ensure compliance
 1. *Minority group that is **sufficiently large** and **geographically compact** to constitute a majority of the voting-age population in a single member district.*
 - *Barrett v. Strickland*, 556 U.S. 1 (2009): a majority-minority district that has at least 50+1% of minority district's citizen voting age population ("CVAP") should be considered
 2. *Minority group must be politically cohesive*
 3. *Majority group must vote sufficiently as a bloc to enable it to defeat the minority group's preferred candidate*
 4. *If all three factors present, the consideration proceeds to a totality of circumstances known as the "Senate Factors"*

GUIDANCE FOR MAP DRAWING

(1) Total population equality

(2) Compliance with federal law, including VRA

- Map does not dilute the voting strength of a racial or language minority group
- If a map has a 50+1 majority-minority using CVAP data, close attention should be paid to it as explained in *Barrett*.
- Equal protection for all voters
- Cannot favor or discriminate against a political party

(3) Districts shall be contiguous

GUIDANCE FOR MAP DRAWING

- (4) Geographic integrity of neighbors shall be respected
- (5) Geographic integrity of a city should be respected by the county
- (6) District boundaries should be easily identifiable and understandable by residents
- (7) Geographic compactness of populations should be honored

SCHEDULE

Advisory Redistricting Commission Meeting	County Board of Supervisors Public Hearing
August 18, 2021 (Public Hearing) ✓	
September 22, 2021 ✓	September 28, 2021 ✓
October 6, 2021 ✓	October 19, 2021 (Special Mtg) ✓
November 3, 2021	November 9, 2021
	November 16, 2021
	Target Adoption: December 7, 2021

HOME // [ABOUT THE COUNTY](#) // [COUNTY BOARDS, COMMITTEES AND COMMISSIONS](#) // [COUNTY REDISTRICTING EFFORTS](#)

Brooke Federico
Public Information Officer, County of Riverside

Riverside County supervisorial district boundaries are geographically redrawn every 10 years in line with the county's population as reported by the U.S. Census, most recently conducted in 2020.

Community input is extremely important to the redistricting process, and there will be ongoing opportunities for comments on

Source: Statewide Database 2015-2019 Citizen Voting Age Population, adjusted to reflect reallocated incarcerated persons, on 2020 Census Blocks. The original data source for the Citizen Voting Age Population (CVAP) is the American Community Survey (ACS). The ACS is an ongoing survey by the U.S. Census Bureau sent to approximately 250,000 households each month. The ACS estimates used to develop these data were collected from January 1, 2015 to December 31, 2019 utilizing the 2010 Census block groups, which were disaggregated to the 2020 Census blocks by the Statewide Database.

Because this is a special tabulation of data and not part of the standard data products shown on the Census Bureau's data.census.gov website, these estimates are rounded. Therefore, individual categories may not exactly add to the total.

For example, the sum of each of the race groups for non-Hispanics may not be the same as the estimate given for non-Hispanics. These estimates will

Source: Statewide Database 2015-2019 Citizen Voting Age Population, adjusted to reflect reallocated incarcerated persons, on 2020 Census Blocks. The original data source for the Citizen Voting Age Population (CVAP) is the American Community Survey (ACS). The ACS is an ongoing survey by the U.S. Census Bureau sent to approximately 250,000 households each month. The ACS estimates used to develop these data were collected from January 1, 2015 to December 31, 2019 utilizing the 2010 Census block groups, which were disaggregated to the 2020 Census blocks by the Statewide Database.

Because this is a special tabulation of data and not part of the standard data products shown on the Census Bureau's data.census.gov website, these estimates are rounded. Therefore, individual categories may not exactly add to the total.

For example, the sum of each of the race groups for non-Hispanics may not be the same as the estimate given for non-Hispanics. These estimates will
